PETITION FOR EXPEDITED EXAMINATION OF PATENT APPLICATION UNDER 37 C.F.R. § 1.182, STATUS INQUIRY, AND REQUEST FOR CONSIDERATION OF PREVIOUSLY SUBMITTED AMENDMENT OF OCTOBER 22, 2003

Mail Stop Petitions  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This Petition is being filed in the above-identified application with a petition fee set forth in § 1.17(f). Further examination is requested. This Petition, Status Inquiry and Request is responsive to a telephone conference by and between the Applicants and the Supervisory Examiner Dwayne Bost on August 30, 2006. On or about August 25, 2006 through August 29, 2006, Applicants' attorney made two phone calls to Examiner Sheila Smith and one phone call to

09/19/2006 HLE333 00000119 09263358

01 FC:1462

400.00 OP

Supervisory Examiner Dwayne Bost concerning Applicants' status inquiry of June 2, 2005 relating to the instant patent application.

Applicants' phone calls to the aforementioned Examiners were regarding a concern on the part of Applicants that Applicants had not received an Office Communication or Notice of Allowance in response to Applicants' Reply dated October 22, 2003 or a response to the status inquiry of June 2, 2005. The Reply was duly submitted to the Office as evidenced by a stamped copy of a post card, with the Reply enclosed herewith as Exhibit A, and the post card enclosed herewith as Exhibit D that was received by the Applicants on or about October 27, 2003. A copy of the faxed status inquiry is also enclosed herewith as Exhibit B.

By way of background with regard to the phone calls made in 2006, Examiner Sheila Smith did not respond to Applicants' phone communication of August, 2006 so accordingly Applicants contacted the Supervisory Examiner listed on the last received Office communication. Thereafter, on August 30, 2006, Supervisory Examiner Dwayne Bost timely returned the phone call to the Applicants. Supervisory Examiner Bost informed the Applicants that he was no longer the Supervisory Examiner on the application. The Supervisory Examiner further indicated that Applicants should contact the Office of Petitions concerning any further status inquiries.

Applicants note that no Office Action, Notice of Allowance, Notice of Abandonment, or other responsive communication have been received from the Office in response to the October 22, 2003 Reply or are listed on the USPTO Image File Wrapper. Applicants further cited references in a Supplemental Information Disclosure Statement (hereinafter "SIDS") on February 17, 2004, and, February 17, 2006. The SIDSs were accepted by the Office. Applicants further note that the patent application is listed as "pending" on the USPTO Image File Wrapper, based on Applicants understanding of the status of the patent application, which indicates "Non Final Action Mailed" with a status date March 21, 2003.

Accordingly, Applicants respectfully request that the Office conduct (1) a status inquiry into the current status of the application, (2) an expedited examination of the application and/or (3) consider the previously filed Reply dated October 22, 2003. The Reply was filed on October 22, 2003 via first class mail with a Certificate of Mailing and is attached as Exhibit A with a Petition for an Extension of Time, Supplementary Information Disclosure Statement, and related transmittals.

Applicants also note that on October 22, 2003, Applicants requested a change of the attorney docket number which is also attached as Exhibit C. Applicants further note that on page 1 of the transmittal for the Reply, the transmittal includes a typographical error and lists the serial number incorrectly as “09/263,368” instead of “09/263,358”. Emphasis added.

Applicants state that this typographical error was done unintentionally. Applicants also state that the remainder of the Reply identifies the correct serial number.

A postcard filing receipt was stamped by the Office on October 27, 2003 evidencing receipt of the Reply by the Office. A copy of the postcard filing receipt is also enclosed herewith as Exhibit D. Applicants further enclose a copy of the check no. 51076 in the amount of six hundred dollars submitted with the Reply that was cashed by the Office, further evidencing receipt of the Reply by the Office. The cashed check is attached as Exhibit E. Applicants further enclose numerous status inquiries as Exhibit F associated with Applicants’ diligence in attempting to have the Reply considered.

In consideration of the above statements, it is respectfully requested that the Reply be entered into the record, the examination of the instant patent applicant be considered as expedited, and the patent term be adjusted accordingly.

Applicants' Attorney believes that the Office's delay in responding to the Reply filed on October 22, 2003 is a result of an internal error at the Office, and not on the part of the Applicants. Applicants' Attorney respectfully submits that a Petition fee of \$400.00 under § 1.17(f) is due in this matter. However, if the Applicants' Attorney is in error, please charge Deposit Account No. 08-0380 for any fees that may be due in this matter. One additional copy of this petition is enclosed for accounting purposes.

Respectfully submitted,

REPLY

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This Reply is being filed in response to the Office Action mailed from the U.S. Patent and Trademark Office on May 22, 2003 in the above-identified application. Reconsideration and further examination are requested.

An extension of time to respond to the Office Action is respectfully requested. A Petition for Extension of Time and the appropriate fee are being filed concurrently with this Reply.

A Request for Change of Docket Number and Corrected Filing Receipt is also being filed concurrently with this Reply.

REMARKS

Claims 1-12 are pending in the application. Claims 1-12 stand rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-19 of U.S. Patent No. 6,236,647 to Amalfitano in view of Taipale (U.S. Patent No. 6,310,856). Claims 1-12 also stand rejected under 35 U.S.C. 103(a) as being unpatentable over these same references. No amendments are being made. No new matter is being introduced.

Taipale issued October 30, 2001. No indication on the cover page of the patent shows that it was published prior to this date. Applicants believe that the Taipale reference should not be considered prior art as of the filing date, March 5, 1999, of the application at hand under 35 U.S.C. 103(a) or for purposes of non-statutory obviousness-type double patenting because this reference was not available to the public prior to the date of filing. See MPEP 706.02(a), 2126, and 2128. See also *In re Ekenstam*, 256 F.2d 321, 118 USPQ 349 (CCPA 1958) (The date that the patent is made available to the public is the date it is available as a 35 U.S.C. 102(a) or (b) reference.). Since Taipale is not available as a prior art reference, a rejection combining Taipale with Amalfitano is improper. Accordingly, Applicants respectfully submit the double patenting rejection and the non-obviousness rejection under 35 U.S.C. 103(a) are improper and should be withdrawn.

With regard to rejected claims 2-3, 6-9, and 11-12, Applicants note that Amalfitano does not teach everything as claimed in Claim 1. Specifically, Amalfitano does not disclose forward error correction encoding and decoding, as recited in claim 1 and stated in Parts 2 and 3 of the Office Action at hand.

Information Disclosure Statement

An Information Disclosure Statement (IDS) is being filed concurrently herewith. Entry of the IDS is respectfully requested.

CONCLUSION

In view of the above remarks, it is believed that all pending claims (Claims 1-12) are in condition for allowance, and it is respectfully requested that the application be passed to issue. If the Examiner feels that a telephone conference would expedite prosecution of this case, the Examiner is invited to call the undersigned.

Respectfully submitted,
